## ON INDEPENDENCE DAY IN COUNTRY 404

THE TALE OF AN UNSUCCESSFUL COUNTERATTACK

@RYBAR

**Excerpt from Operational Situation:**

The return of the **Crimean peninsula** to Ukrainian control is one of Kiev's main goals, which it wants to achieve at any cost.

**Ukraine's Main Directorate of Intelligence** and special operations forces planned an operation in the western Black Sea: advanced groups were to plant the Ukrainian flag on the territory of the Russian peninsula on Independence Day.

The operation was planned for the night of **August 23-24, 2023....**

*THE UKRAINIAN FLAG AT CAPE TARKHANKUT WAS BLOWN OFF THE LAUNDRY LINE HALF AN HOUR AFTER INSTALLATION. AS A RESULT OF AN RPG SHOT, NOT A SINGLE STRAY CAT WAS HARMED. THE AVIATION OF THE BLACK SEA FLEET DESTROYED ALL THE BOATS THAT PARTICIPATED IN THE DEADLY CELEBRATION OF INDEPENDENCE DAY IN COUNTRY 404 ON THE TERRITORY OF RUSSIAN CRIMEA.*
