NEAR THE RUSSIA-UKRAINE BORDER

COMICS
FROM THE RYBAR TEAM
ISSUE NO. 4
OCTOBER 2023

TALE OF AN UNSUCCESSFUL
COUNTERATTACK

 @RYBAR

**Excerpt
from the situation report**

Several months have passed since the breakthrough of Ukrainian sabotage and reconnaissance groups **near Belgorod in the Graivoron district**. Despite a decrease in the number of shellings, the Russian border region is still the focus of the enemy's attention.

Both foreign mercenaries and nationalist formations operate from the nearby **Sumy region**. As a rule, attempts at sorties and ambushes are legendised as the activities of traitorous defectors with the aim of sowing confusion and destabilizing the situation in Russia.

Such raids and sorties are coordinated by British special forces from **the Special Air Service (SAS)**; they do all the dirty work, while on the spot photo and video reports are shot by traitors units.

In the summer, Chechen detachments of the National Guard of Russia from the Akhmat Regiment were redeployed to the **Belgorod region**. The British specialists decided to stage another attack **near the Russian town of Kozinka**, using Euro-Ichkerians from the Sheikh Mansur Battalion....

FIRE!!!

Excellent!

*Who are they?
Sheikh Mansur Battalion?
The naming is weird.*

*That's what they
decided in London,
sir!*

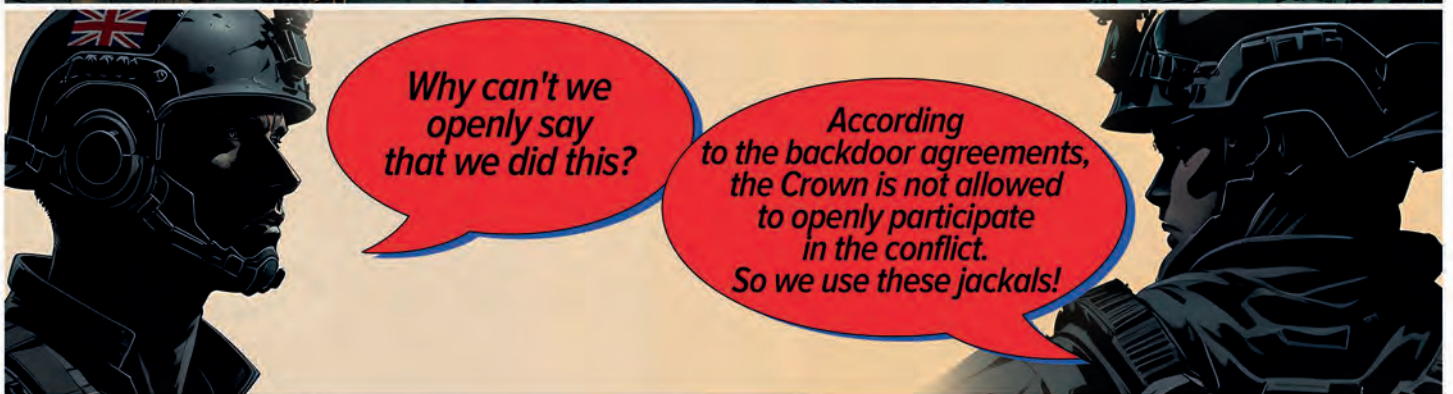

*Let them make
their own videos,
these useless
monkeys.*

*Alright, get moving,
Ichkeria offspring!
We've done all the work
for you!*

FWAP!

*Uuu, devil,
I'll show you.*

*Why can't we
openly say
that we did this?*

*According
to the backdoor agreements,
the Crown is not allowed
to openly participate
in the conflict.
So we use these jackals!*

*Look,
he's got a gold tooth,
let me pull it out.
Record it, record it!
Let them be afraid!*

**USELESS
PIECES OF CRAP.**

*If it were up to me
you'd have been harvested
for organs a long time ago.
Come on! We gotta get out of here
before the Russians spot us!*

*Hillman to Oldman.
Observing enemy activity,
up to 15 people.
One of our IFVs is down.*

*Oldman to Hillman.
Transmit the image
to Belgorod HQ.
We're starting the hunt.*

The enemy has moved two kilometers deeper towards the outskirts of Kozinka. The vehicle was engaged with a grenade launcher. Driver is killed.

VZZH VZZH

By interception, these are foreign mercenaries. Speaking English. Ichkerian national traitors are there too.

ICKERIANS?!
I've wanted to settle scores with them for a long time!

Keep yourself in check.
MOVE OUT!

DAMN...

BANG!

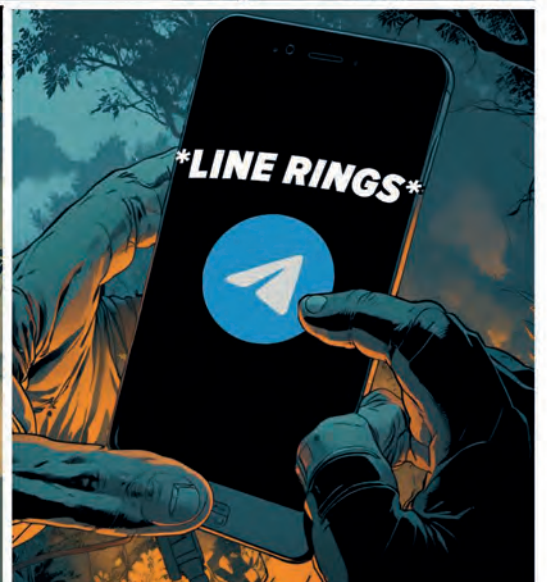

CLEAR!
The enemy has been eliminated

CHIK-CHIK

*Oldman to HQ.
The sabotage group
has been neutralized.*

*Foreigners
from London — British
and fugitive Ichkerians.
We'll provide photos
and video reports.*

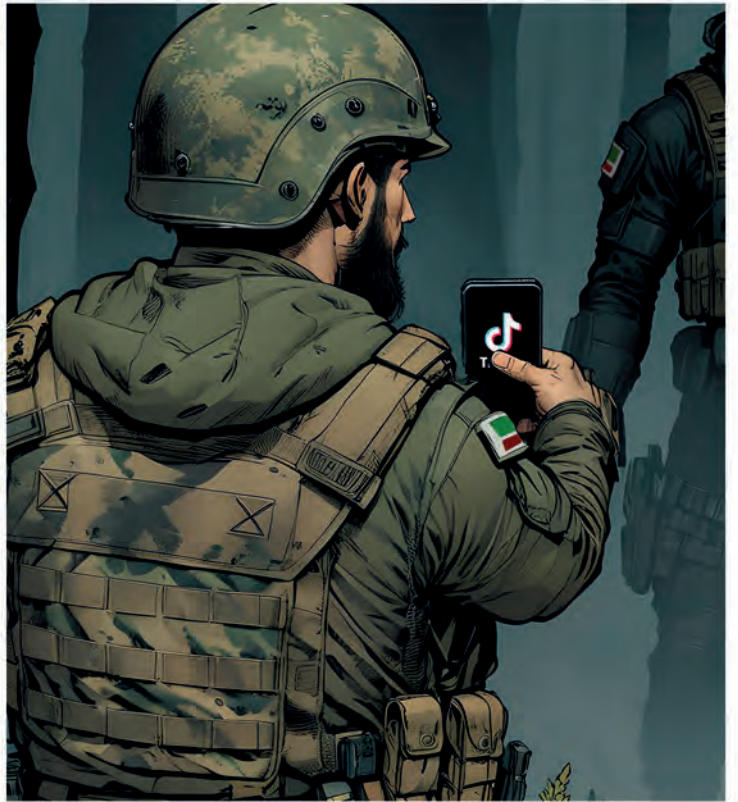

*As-Salamu
Alaykum!*

*Ramzan Akhmatovich,
permission to report:
we've eliminated
the fleeing devils.*

*Among the killed,
there's at least one British national.
No losses on our side,
we handled it cleanly.*

*Well done,
don!*

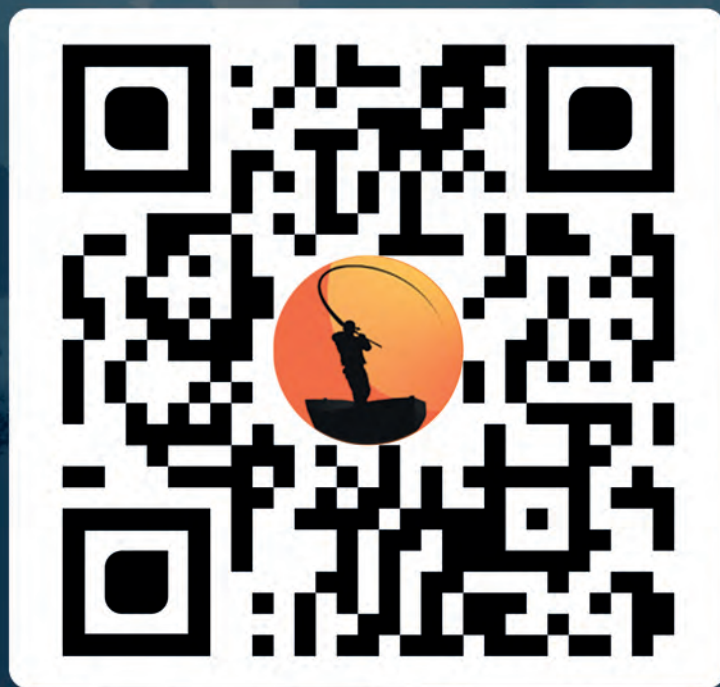

**AND THESE SWINE
EVEN MAKE TIKTOKS —
IT'S ALL HARAM!**

THIS IS JUST ONE EPISODE OF THE ALMOST DAILY BATTLE FOR THE RUSSIAN BORDER. THE WEST USES EURO-ICHERIANS AS CANNON FODDER, TREATING THEM AS DANGEROUS ANIMALS. BUT IN THE END, ALL THESE MEDIA PROJECTS LEAD TO ONE THING: AN UNMARKED GRAVE IN THE RUSSIAN FOREST, ONE THAT NO ONE WILL REMEMBER THE NEXT DAY.
