

ONCE UPON A TIME

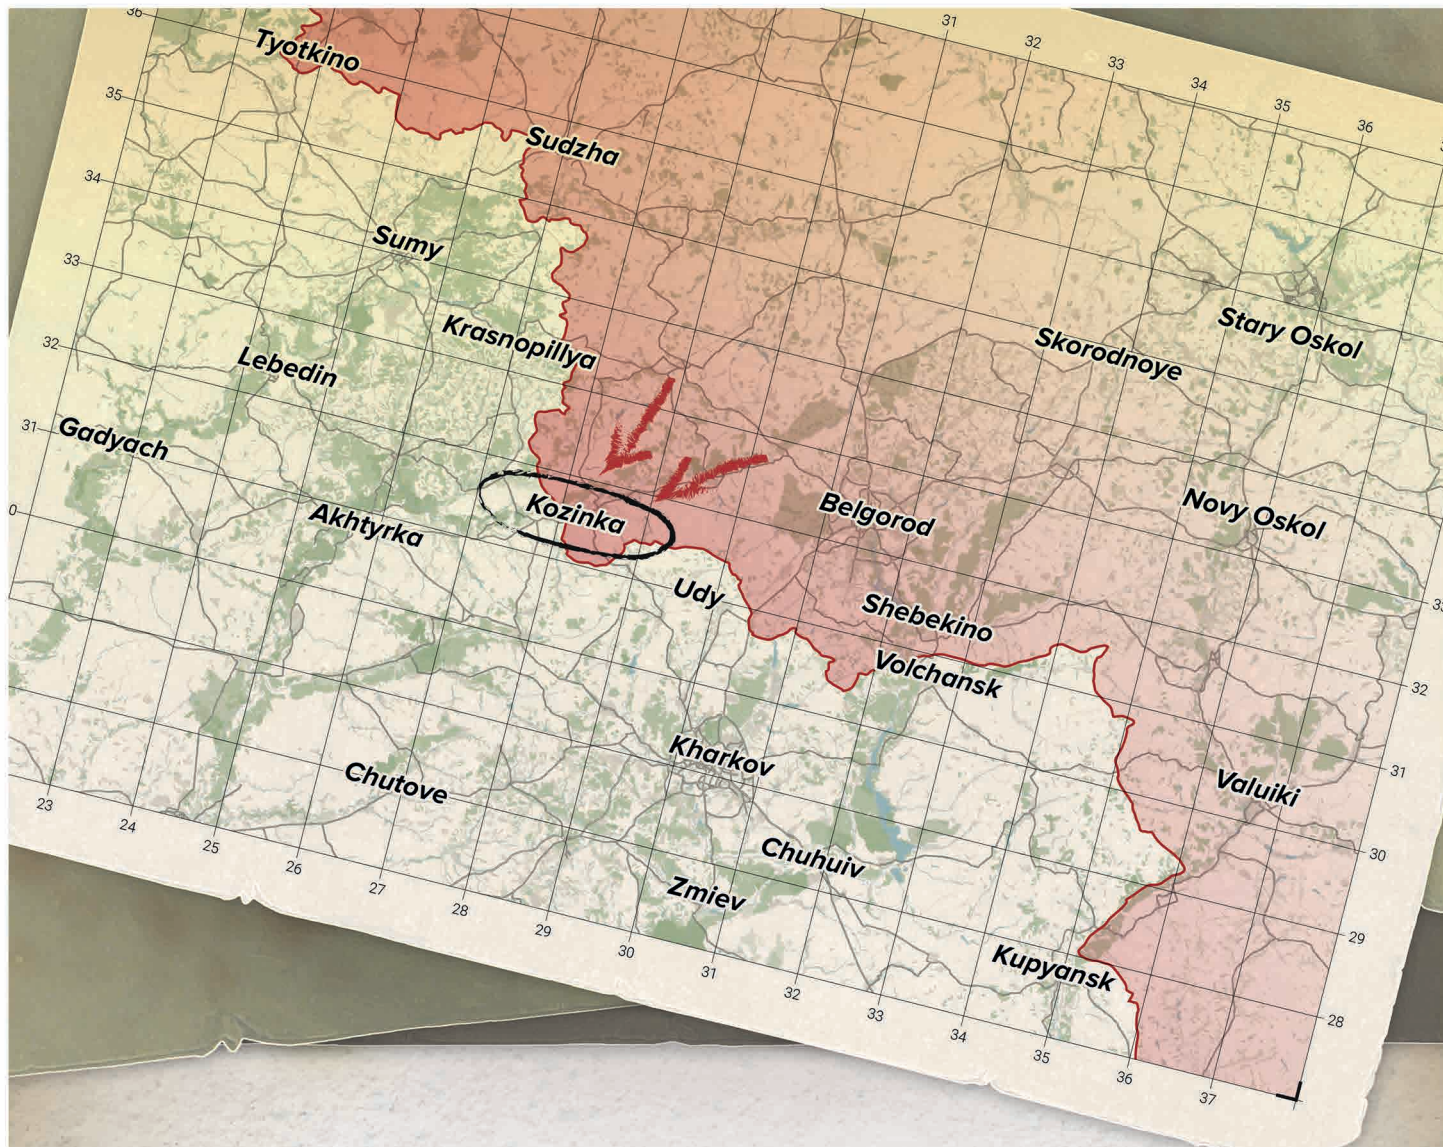

ON THE ELECTION DAY

COMICS FROM
THE RYBAR TEAM
ISSUE NO. 19
APRIL 2024

TALE OF AN UNSUCCESSFUL
COUNTERATTACK

 @RYBAR

**Excerpt
from the situation report**

This spring, the AFU tactics in the Belgorod region have changed. In addition to brutal indiscriminate shelling of cities, villages, and reconnaissance sabotage raids, there have been attempts to breach the state border.

Having concentrated significant forces, under the cover of artillery, Ukrainian troops are repeatedly trying to break through the defense. And although the enemy's losses are noticeable and there's been no success, there's no indication of abandoning such forays in the near future.

While military analysts theorize about the reasons for these attacks, civilians can't help but wonder: who is defending our border now? Are the Russian Armed Forces ready to meet and repel a numerous and well-trained enemy?

COБЕРШЕННО
СЕКРЕТНО

BELGOROD REGION, BORDER AREA.
MARCH 11, 2024, EVENING.

**They brought you here
in case we need help,
because the enemy
definitely has some nasty
plans.**

**It seems they've
dismantled
the assault group...**

BOOM!

Yes, they hit the guys with artillery, tanks, and APCs. And there were pickups with them.

We know that if they've got something planned, one failure won't stop them. They'll try a couple more times, at least. When they fail for the third time, they'll back off and take their time to think.

BANG!

Hear that? Their artillery is working on the neighboring sector. Time to move out: we've got a good spot prepared where they're likely to go.

CLICK

BANG!

BAM!

If they take the shortcut...

They'll find a minefield.

BELGOROD REGION, KOZINKA SETTLEMENT.
MARCH 14, 2024, EVENING.

The drone operators confirmed that the enemy is moving toward us. Their goal is clear: to take a foothold and secure passage for their armored groups. Our goal is to prevent them from doing so.

Pioneer, stand by to hit them when I give the signal.

Standby, ready.

GET READY!

***It's too quiet,
I'm not loving it...***

***Oh, quit whining.
The Russkies just
aren't expecting us!***

***And anyway,
here we are, we'll get
to the church, raise
the flag, make
a video...***

***And they don't have
any guys left to stop
us - they've mobilized
everyone...***

BOOM!

BOOM!

BOOM!

SERYI, COME IN,
TWO MEN
ARE RUNNING
TOWARD YOU.

It's just one
already.

BANG!

BANG!

And now nobody's
running anywhere.

**Get ready
to defend
the position!**

POW!

POW!

POW!

**Hey, who's got
the grenade
launcher? Vasily,
it's your turn.**

Let's go check it out...

It's not even summer yet, and it's already heating up!

Roger, the AFU have taken over the building at the end of Mira Street. There are about 25 of them.

Roger, stay vigilant. We'll move in, take them out tonight.

KOZINKA VILLAGE, INTERSECTION OF FOREST AND MIRA STREETS.
MARCH 14, 2024, NIGHT.

THE NEXT MORNING.

As for beginner's luck. Border guards told that in their first battle, a guy accidentally shot a Ukrainian intelligence officer! And here you guys took out everyone overnight?

I read in their channels this morning that they've occupied everything here and are heading to Moscow now.

That's for sure.

People live in another reality there!

They have an alternate reality right out of the country.

**But they don't need
to try to bring
it here!**

THE ATTACK ON THE BORDER OF THE BELGOROD REGION CAME AS A SHOCK TO MANY, BUT THE RUSSIAN ARMED FORCES RESPONDED CALMLY AND PROFESSIONALLY. AND THE BATTLE-TESTED TROOPS WITH EXPERIENCE IN SPECIAL FORCES AND BORDER GUARDS, WHO HAVE ALREADY ENCOUNTERED SEVERAL ENEMY DRG OVER THESE TWO YEARS, PUSHED BACK THE ENEMY AND ARE READY TO CONTINUE HOLDING THEM BACK.
